### WORK EXPERIENCE

*Intern Backend Developer at Foothill Technology Solutions*

*2024 - Present*

Gained hands-on experience with the .NET framework, learning to build and maintain web applications. Studied and implemented design patterns to ensure scalable and maintainable code. Acquired knowledge of software architecture patterns and software development best practices, including code readability, modularity, and testing. Worked with relational and non-relational databases.

*Freelance Software and Web Developer*

*2022 - Present*

Design and development of static pages, interactive web applications and e-Commerce. Configuration of hosting and domain. Technologies: HTML, CSS, JavaScript, WordPress, PrestaShop.

### BACKEND SKILLS

- |  |                                      |                                |
|--|--------------------------------------|--------------------------------|
| <input type="checkbox"/> C#                    | <input type="checkbox"/> Java        | <input type="checkbox"/> SQL   |
| <input type="checkbox"/> ASP.NET               | <input type="checkbox"/> Spring Boot | <input type="checkbox"/> NoSQL |
| <input type="checkbox"/> Entity Framework Core | <input type="checkbox"/> JPA         |                                |

### FRONTEND SKILLS

- |                                     |                                       |
|-------------------------------------|---------------------------------------|
| <input type="checkbox"/> HTML       | <input type="checkbox"/> React JS     |
| <input type="checkbox"/> CSS        | <input type="checkbox"/> React Native |
| <input type="checkbox"/> JavaScript |                                       |

### OTHER SKILLS

- |  |                                |                                 |
|--|--------------------------------|---------------------------------|
| <input type="checkbox"/> OOP                   | <input type="checkbox"/> UML   | <input type="checkbox"/> Jira   |
| <input type="checkbox"/> Design patterns       | <input type="checkbox"/> Agile | <input type="checkbox"/> Trello |
