LORENA TUHAY

Software Developer

ABOUT ME

After years of programming as a hobby, I'm currently finishing my degree in Software Development. I consider myself a self-taught, proactive, curious, and creative person. Many people I've worked with have described me as highly efficient. I thrive in team environments, as I see them as essential for enriching my knowledge and exploring different ways to achieve objectives.

WORK EXPERIENCE

Freelance Software and Web Developer
2022 - Present
Design and development of static pages and interactive web applications. Configuration of hosting and domain. Creation and maintenance of an e-commerce store using PrestaShop. My expertise is primarily centered around Java Spring Boot, JPA, and ReactJS. I have also worked with WordPress and PrestaShop. Additionally, I have hands-on experience with Python, HTML, CSS, and vanilla JavaScript.

Freelance Corrector and Academic Writing Consultant
2013 - Present
Correction and advice in the drafting and writing of academic texts such as theses, essays, dissertations, and academic reports.

Community Manager and e-Commerce manager at Maier FotoPop
2019 - 2022
Content creation, copywriting, social media management. PrestaShop e-Commerce website design and maintenance.
